

NepalAbility

Dear Friend

NepalAbility is a non-profit organization dedicated to improving the lives of people with disabilities in Nepal through enhanced rehabilitation services. The primary goals are to provide on site training to Nepali healthcare providers (doctors, nurses and therapists) and to support training of new therapists. Currently, activities focus on raising funds to provide on-going mentoring of Nepali clinicians as well as creating research and education modules in response to the needs of our Nepali partners.

Our overall objective is to promote quality of life for people with disabilities by enhancing education, service and research among providers, patients and families by supporting sustainable rehabilitation endeavours in Nepal.

Thank you for your generous support.

Sincerely,

NepalAbility
